EXPONAM
SECURELY SHARE & EXPLORE BIG DATA

FEBRUARY 21, 2018
FOR IMMEDIATE RELEASE

Data is powerful. We capture, store, and utilize it in ways that are transforming our world. But **sharing** and **exploring** data is time consuming, unsecure, and burdensome.

Introducing Exponam.

The **Exponam Explorer**TM enables you to filter and sort 100s of millions of rows of data instantly – with the ease of a spreadsheet. An **Exponam .BIG**TM file is an ultra-compressed, highly-secure data file you can email with confidence.

We invite you to download the Exponam Explorer today for free. Sort and filter through included sample data.

We designed Exponam to

> ➢ streamline operations,
>> ➢ empower users with detailed data downloads,
>>> ➢ share data securely with customers and partners.

How will you use Exponam?
